*County is designated as rural or urban based on Census Quick Facts definition of having a population or less than or more than 50,000, not based on population per square mile

** High Risk is based on whether the county has a higher or lower percentage of each demographic than the Georgia percentage. If these specific demographics are determined to be overrepresented and underserved, they are then considered high risk.

Fitting Stations- Those departments/organizations designated as fitting stations will have a designated technician that can assist you with a car seat that you own and that you need checked.

Mini-Grantee- Any department or organization that is marked as a mini-grantee, can assist those meeting the financial qualifications. Please contact the organization for appointment in a class.

Those departments marked as both a fitting station and a mini-grantee can assist you in either way. Please contact the organization for more information.

Definition:

Fitting Station- These are locations that have staff available to check your pre-purchased car seats. However, you will have to call and confirm an appointment. Some locations will need to make sure they are available when you arrive.

Mini-Grantee- This is a program offered at specific locations. If you are in need of a seat, please contact the location to see if you qualify for this program. This is not a complete list of participating counties. Please email injury@dph.ga.gov for additional information.
